Startree

BUSINESS PROPOSAL

About Us

We run specific workshop across India to develop individual or team's functional skills, knowledge and attribute towards improved business performance. Startree's workshops are run by leading consultant. Who are subject matter expert in their respective fields and have got extensive experience in delivering learning solutions and consultancy across varied industries and customer groups globally. Our workshops are structured to support participants in pre and post workshop scenarios to ensure that the learning is put into practice immediately. Startree is a global learning and development consultancy headquartered in India. We have a single goal to help organization to achieve their growth objective through people, process and cultural development.

Since commencing business in 2015 we have continuously improved our training and services by incorporating innovative methodologies that provide positive outcomes for all participants. Our services and products encompass:

- Innovative learning methods
- Experienced training professionals and
- Client management capabilities.

We understand that learning solutions need to be highly flexible to improve individual and organizational performance. For this reason, we build strong relationships to understand and meet our client's needs. Based on those relationships, our experienced team deploys training how, when and where our clients need it.

Our courses and services assist our clients to establish and maintain a well trained workforce and a safe workplace.

Purpose

RATIONALE

In a survey conducted by HR solutions supplier Genesis consultants, 77.7 % of respondents said that stress can cause sadness and anxiety with negative effects on mental health and decline in productivity.

.
